## All-new 28mm 1866 SEVEN WEEKS' WAR! (Austro-Prussian War)

*Prussian Line Uhlans and the first of our flags now available!*

We have been delighted with the response to the first release of figures in our 28mm Seven Weeks' War of 1866 range! We are pleased to announce that the first of the cavalry are now here, Prussian Line Uhlans, with loads of variants. These include at rest and charging figures, plus scouts and skirmishers, as well as casualties and characters. These Prussians are fully compatible for use in 1870/71 Franco-Prussian War games.

We are also really pleased to have the first in our range of coloured flag sets available. The Prussian uhlans have a sheet of lance pennons, and there are 12 sets of flags for the Prussian infantry available as well, with many more on their way!

We are beginning with the Bohemian theatre of war, but will, in future years, move on to the West German and Italian theatres of war as well. We aim to provide complete coverage, with figures that are researched extremely accurately from original sources, including photographs and paintings in our collection. The figures are designed by the very talented Alan Marsh.

The Prussian uhlans pictured were painted by Matt Golding – we highly recommend his excellent 19th wargaming blog 'Waterloo to Mons' (<http://matratmatt.blogspot.com/>). Artwork for the flags is by David Ramage.

### 28mm 1866 Prussian Line Uhlans

*Separately-cast lances are provided with each pack. HWP107, 108 and some of 111 require drilling through the lance band to accept separately-cast lance. All packs contain lances, where necessary.*

- HWP101 Line Uhlans Command at rest/in reserve (1 officer, 1 bugler, 1 standard bearer)
- HWP102 Line Uhlans Troopers in reserve/at rest
- HWP103 Line Uhlans Troopers scouting/Vedettes
- HWP104 Line Uhlans Troopers Skirmishing with Pistols
- HWP105 Line Uhlans Command Charging 1 (1 officer, 1 bugler, 1 standard bearer)
- HWP106 Line Uhlans Command Charging 2 (1 officer, 1 bugler, 1 standard bearer – different poses & variants to above pack)
- HWP107 Line Uhlans Troopers Charging Lances Level
- HWP108 Line Uhlans Troopers Charging thrusting Lances two-handed
- HWP110 Line Uhlans Casualties (variety of mounted and dismounted figures and horses)

- HFP073 Sheet of 21 Prussian cavalry lance pennons 1864-71 including designs for both NCOs and Enlisted Men (£2.95)

### 28mm Prussian Line Infantry Flags 1864-71

*These are the first 12 packs in a range which will grow to encompass all flags necessary for the various armies. By 1866 the majority of Prussian infantry flags were in tatters. We have decided to produce pristine flags, the gamer can then decide for themselves how 'historically tattered' they want their flags to look!*

**H**ello everyone and welcome to a new month! The holidays are over as are the hangovers and just as it's time for us to get back to our routine, our magazine is also back in the kiosks. While we've been preparing this edition we had been quite busy preparing Salute, which will take place one month earlier this year, at the end of March. (Take a look at the website so that there are no last minute surprises!)

This edition means one more year for us and there have been more than seven now! It is a point of pride for us to be able to continue publishing this magazine and each edition with all of its difficulties, headaches and setbacks but the truth is that when we see it printed, it's worth it all. It's true that some editions are better than others, perhaps because of the subject matter or the quality of the edition. (This is something we really do regret - if at any moment one of our editions was not up to par quality wise. We do everything possible so that it turns out well).

In this edition, we have a dossier of fantastic pictures that have been given to us from the people over at Cheemin de feu, a Classic Belgian club in Salute and who usually take home all the important awards for the best game boards. They are simply amazing!

Before I sign off, I can't let the opportunity slip away for me to send a big hug to one of our collaborators- he knows who he is...cheer up!  
And with this, I leave you this edition, we hope you like it!

We are the oldest wargame club in France, founded in 1979. We meet every Friday night at the Maison des Associations, 24 rue Pierre Brossolette in Levallois-Perret, from 8p.m. on. Our main interest is historical wargaming, in 10mm, 15mm and 28mm. All historical periods are well represented, with a strong bias for Ancients and Middle-Ages. Here's a purposely non-exhaustive list of the wargame rules we used this year : Fields of Glory, Warmaster Ancients, Pig wars, Warmachine, Blitzkrieg, This Very Ground, Might&Reason... If you're visiting Paris and want to know what gallic wargaming means, drop us an e-mail, we'll be glad to welcome you. Check your insurance policy before, though - it can be a dramatic experience indeed.
