Roman Conquests: Italy
Ross Cowan

This first volume of an exciting new series tells how Rome went from just another Latin town under Etruscan rule to a free republic that gradually dominated all her Italian neighbours. The author describes three centuries of desperate struggles for survival against Italian neighbours and invading armies from abroad (including that of Pyrrhus of Epirus) and the Roman army that evolved to emerge triumphant. With such formidable enemies so close to home, Rome's survival - let alone her eventual greatness - was never a foregone conclusion.

Pyrrhus Of Epirus
Jeff Champion

Pyrrhus, a second-cousin of Alexander the Great, was rated by Hannibal as the second greatest general of his era. Born into the royal house of Epirus, he was exiled as an infant yet rose from a refugee to become, at various times, King of Epirus (twice), Macedon (twice) and Sicily, as well as overlord of most of southern Italy. He is best known for his costly victories over the Romans, the first clash between a Hellenistic army and Roman legions. An exciting new study of a neglected giant of ancient military history.

Ancient Warfare teamed up with Gorgon Studios and well-known sculptor Steve Saleh to reproduce the Etruscan centurion on the cover as a 28mm miniature. It will make a great leader figure in your early Italian armies, or a fun painting exercise by itself.

This model will only be available from Gorgon Studios (www.gorgon-studios.com) and the Ancient Warfare online shop at www.ancient-warfare.com. It can also be selected as one of the free gifts you may select when ordering a two-year subscription or renewal to Ancient Warfare magazine.

Index online
Three volumes of Ancient Warfare make for some 1000 pages of text and illustrations. Though (mostly) divided by theme, issue and volume, it is not always easy to find a reference to an ancient author who interests you, or all mentions of your favorite ancient general.

Several readers contacted us on our forum, via email and on the Ancient Warfare fanpage on Facebook, with the idea to make an index available online. So, we did! Thanks to the hard work of Susan van Wijk, a first version of the index is now available for download as a Pdf. Check the ‘Magazine’ section at www.ancient-warfare.com.
