

Orders of Battle.

I am listing by battalions and squadrons rather than by numbers per unit, this way you can adapt them to your ruleset of choice. In terms of generals, I am putting a few words beside them to indicate their quality (this includes the brigade commanders). How (or if) you use these is really down to the system that you choose. The terminologies used here are (and I am using the English spelling for the units):

GB – Grenadier Battalion – composite units which drew their grenadiers from the numbered Infantry Regiments

StGB – Standing Grenadier Battalion

IR – Infantry Regiment

DR – Dragoon Regiment

HR – Hussar Regiment

CR – Curassier Regiment

FK – Freikorps

FB – Freibattalion

GR – Grenz Regiment

Bn, bns – Battalion(s)

Sqn, Sqns – squadron(s)
